

YEAR 10

HEALTH TASTER AND COMMUNITY SERVICES TASTER PROGRAM

Eligible high school students now have access to a newly created and exciting Health and Community Services Trade Taster Program. This program is part of the suite of Trade Taster Programs unique to TAFE Queensland that allow students the opportunity to try a course without needing to commit to a full qualification or apprenticeship. This initiative allows students to engage in training to determine if a course is the right option for them, or test out a potential career path they are considering following in the future.

HOW IT WORKS

Trade Taster Programs deliver training one day per week for nine weeks. Students will participate in units aligned to health and community services sector over the course of a school term, gaining a deeper understanding of qualifications aligned to this industry and assisting students in making an informed decision when choosing a TAFE at School Program or continuing with further studies in the future.

TAFE Queensland's fully funded Trade Taster Programs have been designed to fit around high school subjects, allowing students to get a head start on their learning journey while maintaining their studies at school.

WHAT IT COSTS

The Trade Taster Program is fully funded by the Queensland Government and is offered at no cost to eligible students. It is also important to note that this program does not use any of your VET in Schools (VETiS) funding entitlement.

ELIGIBILITY

To take part in the Trade Taster Program, you must be a Year 10 student and currently studying maths and English at a Year 10 level. You must also be able to arrange travel to the relevant TAFE Queensland campus where the program is offered.

CODE	UNIT
